

LIGHTNING TALK

Alteryx vs. Coding

Does an analyst really need to code?

alteryx

What I Built

Traditional

-  Write Code
-  Debug
-  Run
-  Output

Alteryx

-  Drag
-  Connect
-  Run
-  Output

The Debate (for companies)

Why it helps

Productivity

Accessibility

Automation

Collaboration

What to consider

Cost

Dependency

Skill trade-offs

Complexity

Does an analyst really need to code?

Yes!

No!

It depends!

The background is a solid dark blue. There are two lighter blue circles: one in the top right corner and one in the bottom left corner.

Thank You!
